

## UNDERGRADUATE IN COMPUTER SCIENCE

**Results-driven Computer Science undergraduate at IIT** with a strong focus on **full-stack development** and **cloud technologies**. Proficient in building scalable applications using React.js, Node.js, and Firebase. Demonstrates leadership through managing development teams in hackathons and academic projects. **Currently developing an AI Interviewer System for automated mock interviews**, showcasing the ability to develop user-focused solutions. Seeking a technical internship to leverage modern technologies and contribute to impactful softwares.

January 2026

- Developed a mobile self-growth platform that helps users track personal development through journaling, habit tracking, and AI-assisted goal planning.

- **Journaling & Journey Map:** Record daily reflections and convert important moments into visual milestones on a life timeline.
- **AI Goal Planner:** AI chatbot that converts long-term goals into structured, stage-based action plans.
- **Habit Tracker:** Track daily habits with progress indicators and streak-based motivation.

October 2025

- Developed a full-stack platform used by SaloBook's admin and the acquisition team to manage 100+ salon leads, improving lead-tracking accuracy, team coordination and reducing manual onboarding time by 40%.

- **Lead Management:** Record, track, and prioritize salon leads
- **Client Database:** Centralized storage of salon and client information
- **Team Collaboration:** Assign leads and monitor progress across the team.

June 2025

- Developed a productivity dashboard supporting real-time task updates for project-based workflows, enabling users to organize 30+ tasks per project with Firebase's real-time sync with priority levels.

- Integrated Firebase Authentication for secure user registration and login
- Enabled full CRUD operations with Firestore for managing tasks and projects
- Creating project-based tasks

## TECHNICAL SKILLS

- **Languages:** Java , JavaScript , SQL
- **Frameworks:** React.js , Node.js , Express.js , React Native
- **Databases:** PostgreSQL , MongoDB , Firestore , MySQL
- **Tools:** Git/Github , REST , Docker , Postman
- **Architecture & Practices:** MVC

## COMPETITIONS & ACHIEVEMENTS

- **AdaptIQ 2025 - IEEE WEI IIT**  
*2nd Runner-Up*  
Achieved 2nd Runner Up in a 24 hour hackathon, ranking among the top 3 finalists, focusing on building scalable, tech-driven solutions.
- **IX 2025 - IEEE Student Branch, IIT**  
*Participant*  
Participated in a 36-hour designathon where our team designed and built a functional prototype of a user-centered solution using figma.
- **Inter School Milo Tournament**  
*Champions*  
Secured the Championship title at the 2023 Milo Football Tournament, leading the team through competitive knockout stages and showcasing strong teamwork, resilience, and strategic play.

## ADDITIONAL INFORMATION

- **Languages:** English (*Fluent*), Sinhala (*Intermediate*), Tamil (*Native*)
- **Interests:** Full-Stack Development, Cloud engineering, System Design
- **Soft Skills:** Problem-Solving, Collaboration, Adaptability, Communication, Leadership, Time Management

## EDUCATION

**B.Sc. (Hons) Computer Science**  
Informatics Institute of Technology (IIT)  
[January, 2025] - Present

**Foundation in Computing**  
Informatics Institute of Technology (IIT)  
[September, 2023]

**Ordinary Level Examination (O/L)**  
Wisdom Internation Collage Beruwala  
Results - 6A 1B 1C 1S  
[December, 2022]

## OTHER PROJECTS

- **LibroCart**  
JavaScript
- **Habit Tracker**  
React Native | Expo Go
- **Task Manager**  
Java | Tkinter
- **Taprova**  
TypeScript

## VOLUNTEERING

- **IIT Iftar 2026**  
Assisted in organizing and managing IIT's Iftar event, supporting smooth operations and enhancing the experience for attendees.
